

Office of the Principal, Rajiv Gandhi Govt. College, Saha (Ambala)

SC/ ST welfare Cell

Report of the Cell

The College has been established in 2006. Most of the students come from rural areas and around 70 % of the students belong to Scheduled Caste community comprising greater ratio of girl students. There is no Scheduled Tribe student admitted so far in the college. Due to the majority of SC students there has never been any issue of caste based discrimination in the college campus, neither by the students nor by the teachers. The environment of the college is quite peaceful in this regard.
